UNLIMITED INK NOTARY

SO MUCH MORE THAN A NOTARY SIGNING AGENCY

OUR MISSION

To provide our clients and their clients the best signing experience possible by bridging the gap between Title/Escrow and Notary Signing Agents through technology, real-time customer support and continuous, unparalleled industry training.

WHAT MAKES US DIFFERENT?

We're Easy

- Our user-friendly online portal allows you to place orders quickly and hassle-free.
- Our staff carefully selects and assigns the BEST Notaries to your file based on our strict criteria.
- Our system integrates with most title software companies.
- This is a busy industry and we know your time is important. We handle all Notary questions before, during, and after every signing. We will only reach out to you if there is a question related to vesting, figures or if the client specifically requests to speak with you.

We're Perfectionists

- Details, details, details! Our Notaries know the drill... all signed documents are scanned to our secure portal for a page-by-page, quality control review.
 - Exceptions to this: Our "White-Glove Notaries," who have been trained through Notary2Pro and Notary Stars and completed 200+ successful, error-free signings.
- Our staff carefully reviews every page of the package before the Notary returns documents to your office (unless signing occurs within 2 hours of FedEx/ UPS pick-up local signing time).
- If any errors are found we have them fixed immediately (so you won't have to!)

We Guarantee Our Work

- Regardless of what time the closing takes place, how much notice we're given, or how many pages are in the package, our fee won't change.
- Our fee includes our start-to-finish, full-service customer service. Every time.
- If for some reason your client is dissatisfied with our service, we will comp the fee immediately.

We Can Easily Integrate With:

Resware, Ramquest, E-Closing, Softpro 360, Impact/SQL and Online and Closer's Choice!

UNLIMITED INK NOTARY

HOW DO WE DO IT?

We boast some of the strictest vetting policies in the country for Notary Signing Agents. To work with Unlimited Ink as a signing agent, a notary must meet the following criteria:

- National Notary Association Loan Signing Agent Certification (annually)
- National Notary Association Background Screening (annually)
- 1-year experience as a Loan Signing Agent or 200 proven orders
- Notary2Pro Training (one-time certification)
- NotaryStars.com Loan Product Training
- Unlimited Ink Orders Live Onboard Training
- Must own a personal computer and scanning system
- Must read, follow and return a signed copy of our custom signing instructions with every order
